## ORDER

Petitioners brought the above-captioned petitions pursuant to 28 U.S.C. § 2241. Petitioners argue that the Federal Bureau of Prisons has improperly calculated their good conduct time credits. The United States Magistrate Judge has entered Reports and Recommendations in each of the captioned matters, correctly explaining that Petitioners' argument has been explicitly rejected by the Eleventh Circuit, and indeed by nearly every court to consider the issue. Therefore, the Magistrate Judge has recommended that each of the captioned petitions be denied. None of Petitioners have objected.

After a careful, *de novo* review of each of the files in the above-captioned cases, the Court concurs with the Magistrate Judge's Reports and Recommendations to which no objections have been filed. Accordingly, the Reports and Recommendations of the Magistrate Judge are **ADOPTED** as the Court's opinions in each of the above-captioned cases. Thus, each of the captioned petitions are **DENIED**. The Clerk of Court is **DIRECTED** to **CLOSE** each

of the captioned cases and to FILE a copy of this Order in each case.

SO ORDERED this \_\_\_\_ day of November, 2005, at Augusta, Georgia.

  
\_\_\_\_\_  
UNITED STATES DISTRICT JUDGE
